

**Name:** PIC-C. Research group on Communication and Technology.

**Knowledge area description:**

Our aim is to understand changes and transformations related to media in Catalonia due to the expansion and increasing complexity of information and communication technologies (ICT), and produce an empirical basis and a renewed theoretical framework adequate to the new context.

**Group researchers:**

Imma Tubella i Casadevall (Universitat Oberta de Catalunya)  
Carlos Tabernero Holgado (Universitat Oberta de Catalunya)  
Vincent Dwyer (Universitat Oberta de Catalunya)

**Selected list of publications:**
